WORK EXPERIENCE

Lead Teacher Chestnut Preschool and Daycare

📅 June 2018 - current 📍 Ellensburg, WA

- Managed daily operations and care for children at a preschool, maintaining a safe and nurturing environment.

Lab/Teacher Assistant Central Washington University

📅 Jan 2023 - Dec 2023 📍 Ellensburg, WA

- Collaborated with professors to develop and grade assignments, ensuring consistency and fairness.
- Provided one-on-one tutoring to students, helping them troubleshoot code and improve debugging skills.

PROJECTS

ChestnutPreschool.com Freelance Project

- Developed a React-based website featuring online pre-registration forms and a messaging system to improve parent communication and streamline daycare operations.
- Collaborated with the client to ensure the website met all requirements, showcasing strong project management and technical skills from design to launch.

FilmStack.io Solo-developed

- Developed a web application using React and Vite for exploring movie titles and their details.
- Implemented API integration with The Movie Database (TMDb) to fetch and display movie information, providing users with a rich discovery experience.

Valo-Quiz.com Solo-developed

- Developed a PHP/MySQL-based quiz website for Valorant fans, implementing user progress tracking and an admin system for managing questions.

Portfolio Website Solo-developed

- Created a personal portfolio using React and Vite to showcase projects, featuring a responsive design and dynamic project displays.
